

## Copper ESD Non Coated Gloves JCO-100

### Description

Copper ESD non coated

- Textured Nylon 81%
- Permanent static dissipative Copper suffused yarn 1%

### Features

- Dissipating static electricity quickly by corona discharge.
- Low linting and dusting.
- Good fitting and dexterity from the seamless knit construction.

### Detail Information

| Size                | S-6                               | M-7       | L-8      | XL-9       | XXL-10    |
|---------------------|-----------------------------------|-----------|----------|------------|-----------|
| Weight(g)           | 16                                | 18        | 20       | 22         | 24        |
| Length(Cm)          | 20                                | 21        | 21.5     | 22.5       | 23.5      |
| Cuff color          | □ (White)                         | ■ (Green) | ■ (Gray) | ■ (Yellow) | ■ (Brown) |
| Surface Resistivity | $10^3-4\Omega$                    |           |          |            |           |
| Packaged            | 10pair or 12pair per one poly bag |           |          |            |           |

### Applications

- Excellent for handling parts sensitive to static electricity.
- Electronics, Telecommunication.
- VLSI (Very Large Scale Integration).
- Field of computer.

| Intermediate Design EN 388:2003 Test Results |         |  |
|----------------------------------------------|---------|--|
| Abrasion Resistance                          | LEVEL 1 |  |
| Cut Resistance                               | LEVEL 1 |  |
| Tear Resistance                              | LEVEL 3 |  |
| Puncture Resistant                           | X       |  |
